The fund paid in as taxes to the town of Winnsboro, belongs to the people, and in the humble judgment of the writer, any scheme to divert the town's fund except as may be concurred in by a vote of two-thirds of all taxpayers, or a majority of real estate owners.. would be unjust.

Four years ago the generous minded citizens of Winnsboro, indebted themselves in the amount of \$9,000.00 to feel an honest pride. On this amount of bonds we will have paid in June as interest \$2,268.00, or an average of \$597.00 per annum, \$47.25 per month. In addition to this, the last council subscribed directly \$200.00, of the town's funds to meet certain deficiencies. There is a point, Messrs. Editors, at which forbearance may well cease to be a virtue, and I think, we've about "got there." Annually, our town pays directly for school purposes

an amount aggregating \$3,500.00 to \$4,000.00 one-half of which is levied for the avowed purpose of educating a lot of vipers in our midst who will one day turn and rend us.
